

Gas leakage monitoring and alerting system for Industries

IBM NALAIYATHIRAN

Create and Configure IBM services IOT Watson Platform

TITLE	Gas leakage monitoring and alerting system for Industries
DOMAIN NAME	INTERNET OF THINGS
TEAM ID	PNT2022TMID06193

Step1: Log in your registered id

The screenshot shows the IBM Cloud Account settings page. The left sidebar contains a navigation menu with options: Account, Account resources, Resource groups, Cloud Foundry orgs, Licenses and entitlements, Tags, Dashboards, Account settings (highlighted), IBM Cloud Shell settings, Notification distribution list, Classic infrastructure, Subscriptions, Audit log, and Company information. The main content area is titled 'Account settings' and displays account details for 'Sasikumar R's Account' with ID '0fda20d6fb1143509fe007112585cd8b'. It shows the account type as 'Trial (Free)' with '380 days remaining in Trial'. Below this, there are two main sections: 'Account upgrade' and 'Need help?'. The 'Account upgrade' section includes 'Pay-As-You-Go' and 'Subscription' options. The 'Pay-As-You-Go' section describes adding a credit card to unlock full power and offers an 'Add credit card' button. The 'Subscription' section offers discounted pricing and an 'Upgrade' button. The 'Need help?' section includes a 'Contact sales' link. The top navigation bar shows 'IBM Cloud', a search bar, and links to 'Catalog', 'Manage', and 'Sasikumar R's Account'.

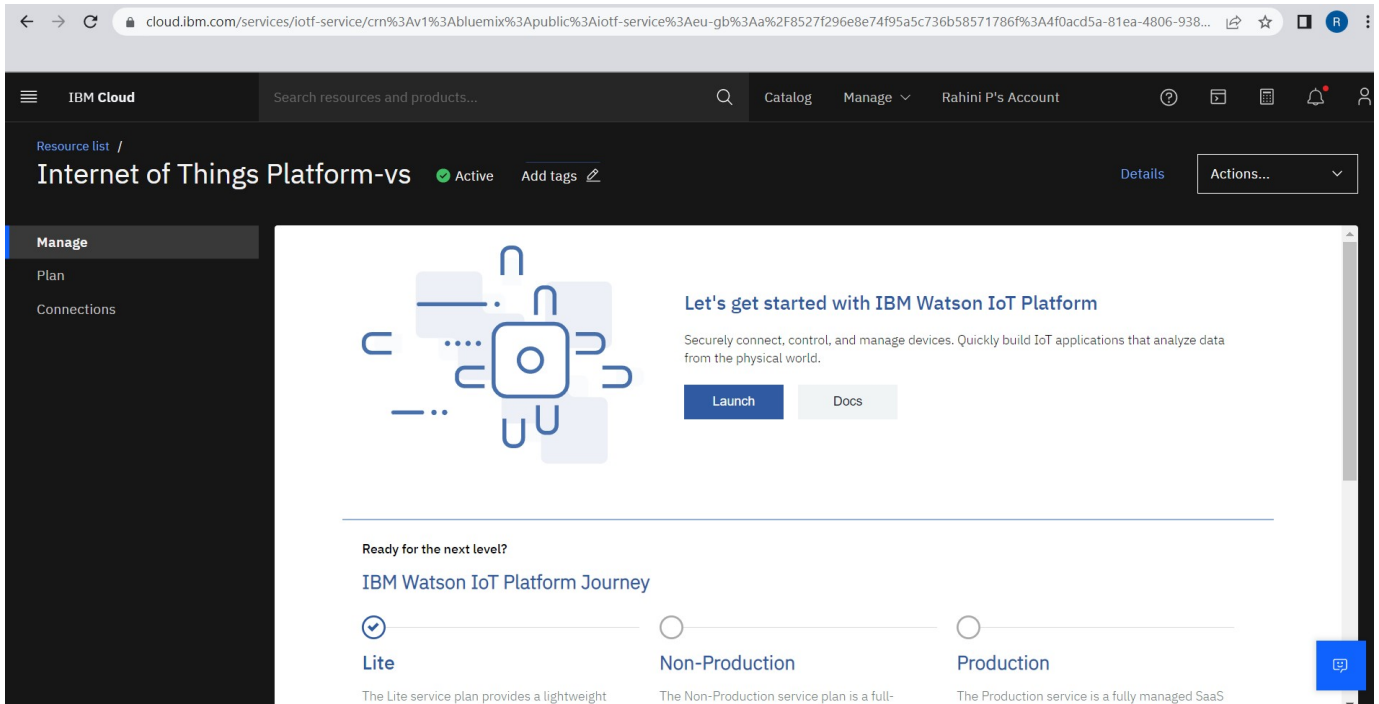

Step 2: click catalog where you find the services and internet of thing you can select and make location as London

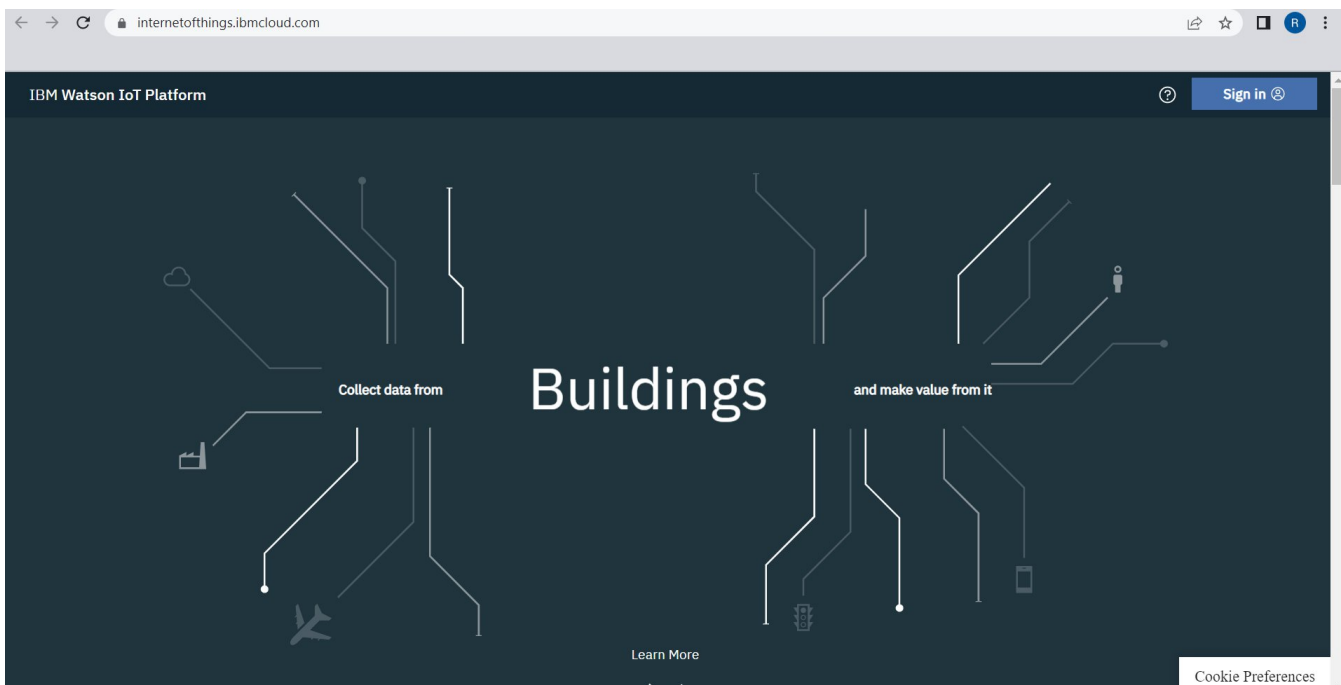

The screenshot shows the IBM Cloud Catalog page for the 'Internet of Things Platform'. The left sidebar contains a navigation menu with options: Catalog / (highlighted), Internet of Things Platform, Type, Service, Provider, IBM, Last updated, 08/15/2022, Category, Internet of Things, Compliance, IAM-enabled, Location, Frankfurt, London, and Dallas. The main content area is titled 'Internet of Things Platform' and includes a description: 'This service is the hub of all things IBM IoT, it is where you can set up and manage your connected devices so that your apps can access their live and historical data.' Below this, there are two tabs: 'Create' (highlighted) and 'About'. The 'Create' tab shows a 'Select a location' dropdown menu with 'London (eu-gb)' selected. Below this, there is a 'Select a pricing plan' section with a table of plans. The table has columns for 'Plan', 'Features', and 'Pricing'. The 'Lite' plan is selected, showing features like 'Includes up to 500 registered devices, and a maximum of 200 MB of each data metric' and a pricing of 'Free'. The right sidebar contains a 'Summary' section with details: 'Internet of Things Platform', 'Free', 'Location: London', 'Plan: Lite', 'Service name: Internet of Things Platform-vs', and 'Resource group: Default'. At the bottom, there is a checkbox for 'I have read and agree to the following license agreements:' with a 'Terms' link, and buttons for 'Create' and 'Add to estimate'.

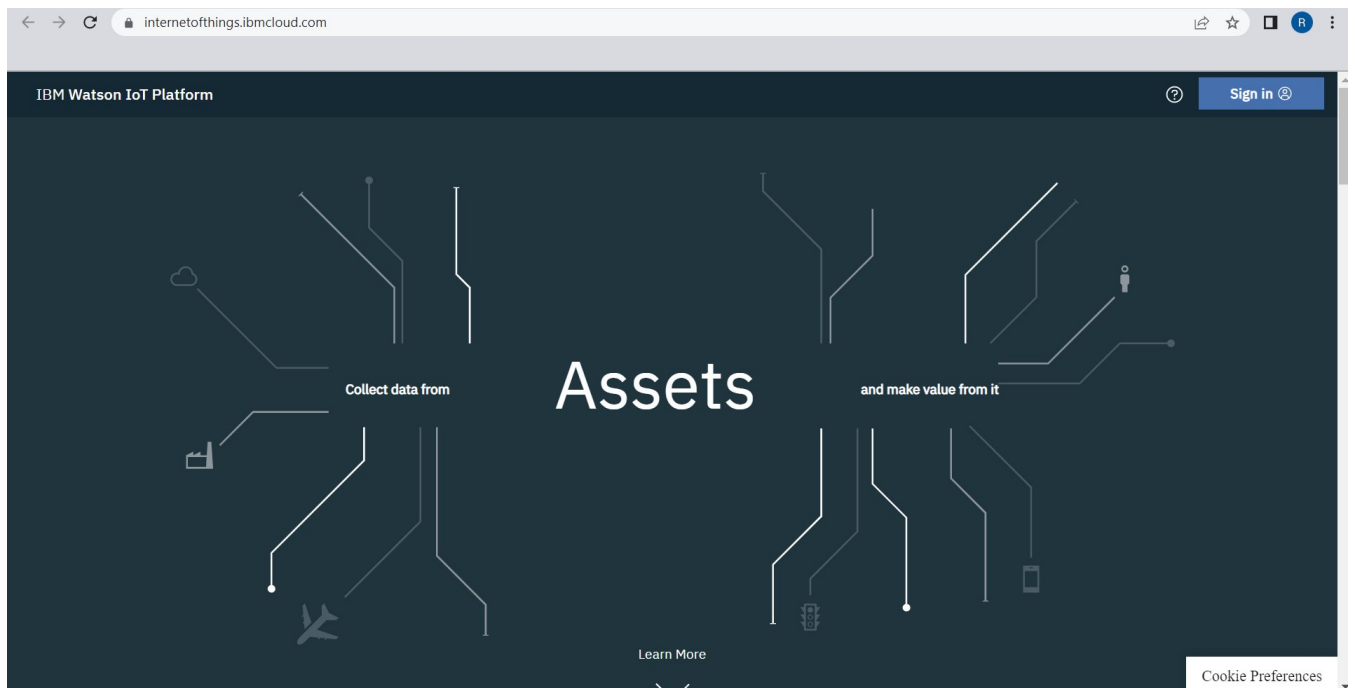

Plan	Features	Pricing
Lite	Includes up to 500 registered devices, and a maximum of 200 MB of each data metric Maximum of 500 registered devices Maximum of 500 application bindings Maximum of 200 MB of each of data exchanged, data	Free
